Desktop Controller

Plug & Play

With an easy-to-use plug-and-play set-up and 80W Peak Power the Majority DX20 PC Speakers is the must-have device for any audio fanatic whose desktop set-up is in dire need of an upgrade. Music junkies can bring the festival to the workplace, gamers can spend a weekend defending their titles and film lovers can binge the best of the best from the comfort of their desktop. With crystal clear audio and a home-décor-friendly aesthetic, let the games begin.

Multi-Connection including Bluetooth

Compatible with 5.0 Bluetooth, USB, and AUX port, the DX20 acts as the perfect monitor speakers. So, whether you're a distance learning student, sourcing an acoustical boost for your office cubicle or your home needs a space-saving home entertainment solution, the DX20s will be the perfect addition to any budding audiophile.

Desktop Controller

With the accompanied volume control and tuner, wave goodbye to difficult-to-use volume dials and enjoy customised audio for every occasion! Additionally, connect your headphones directly to the desktop controller for private listening.

Wired Subwoofer

With the DX20's down-firing subwoofer, lose yourself in game-changing PC sound. Whether it's the job interview to define your career, the movie soundtrack of the summer or the latest edition of "The Last of Us" PC videogame,

SD Reader & MP3 Reader

For die-hard music fans who always want to keep their favourite tracks close to them, the Majority DX20 is on-hand to deliver your musical memories. Alternatively, if you're a budding videographer, or take pride in your

USB Powered

Small but mighty, the DX20 is designed for modern-day audio needs- never skimping on sound quality. Simply connect to any USB power source and enjoy your favourite sounds straight from your PC or TV.
