EVISU Spring Summer

The start of a new season is a thrilling time, seeing all the new trends being brought to life on the streets of London and it's exciting to see how the EVISU Spring Summer 2014 Collection will be worn and interpreted.

The collection pays homage to its Japanese heritage. Think floral patterns and embroidery. It unites EVISU's history with electrifying fabric applications, practical design and the finest materials to create a compelling collection.

The most prominent pieces are the menswear inspired jacketing and restrained denim in some of EVISU's most iconic cuts.
