

SUCASA: THE EFFICIENT WAY FOR LANDLORDS TO MANAGE THEIR PROPERTIES

FOR IMMEDIATE RELEASE

- Free for tenants to use
- Available from January 2021
- Time-efficient for landlords managing properties across the country

9TH December 2020: For Landlords. By Landlords.

Sucasa is a brand-new app for landlords to efficiently manage their properties and house all the paperwork in one place. Offering a safe channel for landlords to abide by regulations, the rights and needs of landlords and tenants alike are protected.

Created by a successful landlord Ricardo Johnson, this landlord-friendly app allows the rising trend of self-management to thrive and offers tenants the opportunity to research private landlords, book viewing appointments, and sign tenancy agreements.

Landlords will be able to successfully manage their property portfolio from the touch of a screen. Sucasa takes care of the following tasks:

- Digitally store all regulatory documents
- Create tenancy agreements
- Process tenant referencing
- Collect deposits

Tenants will be free to keep up with their busy lives and be completely happy in their rental property from the comfort of their phone! Sucasa takes care of the following tasks:

- Research private landlords
- Book Viewing Appointments
- Sign tenancy agreements
- Safely place a deposit and rental payments

Sucasa launches in January 2021 and is available through Google Play and The Apple Store.
